## ARTISTS BIOGRAPHIES

CLARE WRIGHT

Clare attended the Université du Maine at Le Mans, France and there began her great love of European culture and art. The originator of liquid glass and Swarovski glass designs; Clare's flair for creating innovative finishes compliments Complete Colour's high-end range of art beautifully.

SHELLEY SMITH

Shelley was raised and educated in Harrogate and Oxford. Her refreshing and innovative style uses modern materials to produce commercial and accessible pieces.

### LIQUID ART

**Liquid Art** is a series of framed prints that have been beautifully embellished by hand, incorporating genuine Swarovski crystals to give the finished piece a 3 dimensional effect and eye-catching sparkle.

**Swarovski Crystals** are a man-made leaded crystal made from a special composition which allows the material to be precision-cut. Invented in the 1890s, the authentic Crystals are made only in Austria.
